

GLOBAL ROUTES FINANCIAL AID APPLICATION

Student Name _____

Date _____

Through our Scholarship Fund, it is our hope to make the Global Routes experience possible for students who otherwise, due to financial reasons, would not have the opportunity to contribute their enthusiasm and gifts to our programs. Please complete the following application, and contact our office with any questions.

We award financial aid based on the following criteria:

- Financial Need
- Student Merit
- Space Availability

The Application Process

To be considered for financial aid, please submit the following to our office by email to: mail@globalroutes.org

- This completed Financial Aid form and all necessary financial documentation requested (see below);
- A completed Global Routes Program Application;
- A deposit of \$600*

**We will not cash your check for \$600 until you have been offered and accept financial aid. We will return or void your check should you decide not to continue with the process or if you are not offered any or sufficient assistance. Please note that Global Routes does not reserve a space in a program for financial aid applicants upon receipt of application materials, but rather only at the time applicants accept an aid offer made by Global Routes.*

We evaluate all completed financial aid applications at the start of every month, and will be in touch with your family by the 15th of the month following your application.

1. Please indicate the approximate percentage of the program fee your child would *require* in order to participate in the program of his/her choice. Please note that the program fee does not include the cost of round-trip air transportation, travel insurance or spending money (limited to \$200 for most programs). Please take this into consideration when estimating financial need. On average, Global Routes is in the position to offer between 10-50% of the program fee to qualified and selected applicants.

It is best to be as flexible as possible when choosing programs you would like to do in order to increase chances that there is space available. For instance, listing 'any Spanish speaking country' is better than listing a specific country and specific dates.
